Life is Grand!

How it all began

2004 - In his first Chocolate Company Café in Aachen (Germany) Chef Tous prepares a delicious hot chocolate drink for his guests. Different flavours in different hotpots. He loves the taste but hates the daily cleaning of the hotpots. So he starts with several experiments for a one portion chocolate drink and he ends up with the Hotchocspoon.

hotchocspoon the original

A piece of pure chocolate happiness on a wooden spoon to melt and stir into 200 ml of full fat boiled milk.

Tous' head flows over with all kinds of ideas and flavours - like every creative chef - and also his guests inspire him a lot. He adds cinnamon to the chocolate, ginger or hazelnut and comes up with the brilliant idea of putting some alcohol in a small pipet and sticks that into the chocolate next to the wooden spoon. As time goes by, more and more chocolate lovers visit his lunchroom to drink the best hot chocolate in town and to buy them for home consumption.

This period (2004-2005) was the start of Chocolate Company as a brand. Chocolate Company has a factory in the Netherlands and exports the Hotchocspoon all over Europe and the world. Now Chocolate Company has become a franchise formula. In the Netherlands and in Belgium guests can enjoy a great coffee, a nice lunch and of course the sweet CHCO-delicacies in the Chocolate Company Cafes.

CHCO[®] ↓

Our chocolate is obtained from the highest quality beans, fermented and dried according to strict guidelines. In our post-harvest centres close to cocoa farmers, fermenters monitor and improve the fermentation process. This ensures a consistent superior taste for chocolate lovers, and more salary for farmers.

Private label manufacturing

We proudly produce for private label brands and wholesale buyers. We are dedicated partner for several well known retailers and high end department stores.
